

Give a Gift to Your Community

Please Join Us!

Healthy Communities of Southern Inyo County

We need your support to help continue our efforts to provide opportunities for our youth and families to develop healthy lifestyles through social, educational, recreational, and cultural activities which promote civic pride, good health, volunteerism, self-worth, community values and an appreciation of our unique area's history and environment.

Healthy Communities provides great activities for all of our community, especially disadvantaged youth whether those at risk or simply in need of assistance. Along with the support and partnership of individuals, community leaders, businesses, schools and local community and civic groups, your membership will support community and youth activities which improve the "quality of life" in Southern Inyo County.

Did you know that just \$30.00 will provide eight Learn-to-Swim lessons for a child or one evening of Open Gym in your community? Your contribution could also provide eight hours of Junior Golf Lessons or an evening of Summer Family Movie in the Park. Your membership could support outdoor activities which encourage the importance of caring for our environment, provide supplies for an evening of Family Fun activities or support a Big Back Yard field trip which offers youth an appreciation of our local history, geology and environment. So much for so little!

Please visit our website www.HealthyCommunitiesOfSIC.org for more information on how we, working together, can make our communities stronger, healthier and safer. Your membership includes a quarterly newsletter.

For more information, please contact: Charles James, Program Coordinator at (760) 876-1011.

Yes! Yes! Yes! I want to be a member of Healthy Communities of Southern Inyo County to support our youth & community. Enclosed is my membership contribution:
